

join the club!

For the latest information on design and installation of copper pipework join the UK Copper Board's Copper Club.

Newsletters will keep you up to date on developments within the copper plumbing industry and new technical information will be sent to you to add to your Installation Tips.

Join now to receive your free education pack including:

- Installation Tips technical manual
- Make the Right Start CD
- Copper Matters newsletter
- Copper - The Modern Solution
- Access to the Technical Helpline
- Copper Club pen
- Copper Club card
